A brief discussion ensued concerning counties using Marshall & Swift valuation service versus using Vanguard Appraisal service. This was also brought up during the executive board meeting of the same day. It was noted that many private appraisers and insurance companies use Marshall & Swift to do their estimating.

Heidi Brandriet, Brian Hosmer and Jamie Monson from Codington County were introduced due to the fact that some district members may not have had the chance to meet them in the past.

It was agreed that early July would be a good time for the next District 8 meeting. Ideas are needed as far as location, specific date, and possible tours etc. Mary at Brown County said that she may host the meeting. Codington County was another possible host.
