3. Inquired about some training on grain bins, but there did not seem to be any interest, so will send information to Jones County.
4. Reassessment questions? Angie from Jones County was inquiring with some concern that the values in city of Murdo may double on residential homes, how should she handle this. Russ explained that she should not give out any suggested values, and it was mentioned that it may be easier to just raise it all at once rather than try to break it out over years.
